

Stellar Recovery - Top Fifty Fastest Growing Private Companies in Northeast, FL

Keith Jones, President & Chief Marketing Officer, is pleased to announce that Stellar Recovery, Inc. has been recognized by the Jacksonville Business Journal as one of the 50 fastest growing private companies in Northeast Florida, based on performance over the past 3 years. According to Ennis Pellum & Associates CPAs, the Jacksonville Business Journal business partner that tallies the results, the 2015 class of nominees increased in size and strength from last year, thereby boosting the competition.

This is the 3rd year in a row that Stellar Recovery has earned this prestigious award after coming in at number 8 in the 2012 class, and number 45 in the 2013 class. Winners will be recognized and the rankings released during a luncheon hosted by the Jacksonville Business Journal in July. Jones said, "We continue to grow our company by investing in our people and making sure our processes are giving us leading edge performance and compliance in all areas that are important to our clients."

Jones continued, "Our growth comes from several new clients in the cable TV, medical, sports marketing, telecommunications, and utility company verticals. We also continue to earn more market share within our current clients because of our exceptional operations team. It is a phenomenal accomplishment to make this list for 3 consecutive years, as more than half of the companies don't make the list a second time." "We would like to thank our clients, employees, and vendors for helping us achieve such dramatic growth."

Ranking is based on the company's percent of annual growth over the previous 3 year period. Stellar Recovery's Revenue grew 127% from 2009 to 2011; 23% from 2010 to 2012; and 37% from 2012 – 2014.

Stellar Recovery, Inc. Corporate Headquarters is located in Jacksonville, Florida, with a satellite office in Kalispell, Montana. Please visit our website at www.stellarrecoveryinc.com.
